

NON-DROWSY

Delased Chesty Coughs (Non-Drowsy)

Delased Syrup for Chesty Coughs without causing drowsiness

Description:

Delased for Chesty Coughs (non-drowsy) is a cherry flavoured, dark chocolate brown coloured syrup. Each 5 ml of syrup contains the following active ingredients:

Guaifenesin BP	100.0 mg
Menthol BP	1.1 mg

Uses:

Delased Syrup for Chesty Coughs (non-drowsy) immediately soothes and eases irritation caused by coughs. It is used to help relieve chesty coughs. Guaifenesin is an expectorant which means that it helps to loosen mucus (phlegm) from the lungs and make it easier to cough up.

Dosage and Administration:

Delased for Chesty Coughs (non-drowsy) should be taken by mouth, four times a day as follows:

Adults:

Two 5 ml spoonfuls

Children:

6 - 12 yrs One 5 ml spoonful
2 - 6 yrs Delased Paediatric
is recommended

Or as directed by a Doctor

Please note that the stated doses should not be exceeded.

Precautions:

Delased for Chesty Coughs (non-drowsy) should not be taken by patients with known hypersensitivity to any of the active ingredients.

Pregnant women should take the advice of a Doctor or Pharmacist before taking Delased for Chesty Coughs (non-drowsy).

If symptoms persist, a Doctor should be consulted.

Side-effects:

Side effects are rare with Delased for Chesty Coughs (non-drowsy).

However, if any unusual effects are noticed, the medicine should be stopped and a Doctor or Pharmacist consulted.

Storage:

Store below 25°C, in a dry and dark place. Keep out of the reach of children.

Package Quantities:

Delased for Chesty Coughs (non-drowsy) is available in bottles containing 100 ml syrup.
