

Delased Syrup for Children

Description:

Delased Paediatric is a pleasant tasting, pink coloured syrup. Each 5 ml of Syrup contains the following active ingredients:

Diphenhydramine HCl BP	7.0 mg
Sodium Citrate BP	28.5 mg
Menthol BP	0.55 mg

Uses:

Delased Paediatric syrup relieves cough and reduces bronchial and nasal congestion in children. It relieves the symptoms of hay fever and other allergic conditions affecting the upper respiratory tract.

Dosage and Administration:

Delased Paediatric should be taken by mouth, four times a day as follows:

Children:

6 - 12 years: Two 5 ml spoonfuls
2 - 6 years: Consult a health care professional before use. One 5 ml spoonful.
Below 2yrs not recommended.

or as directed by a Doctor.

Please note that the stated doses should not be exceeded.

Precautions:

Delased Paediatric should not be taken by children with known hypersensitivity to any of the active ingredients.

It may cause drowsiness, and therefore impair the ability to drive or operate machinery. Alcoholic drinks should also be avoided whilst taking Delased Paediatric.

If symptoms persist a Doctor should be consulted.

Side-effects:

Side effects are not common with Delased Paediatric and when they occur they are usually mild.

Occasionally dizziness, upset stomach, constipation, nausea, dry mouth or blurred vision may occur.

If any unusual effects are noticed the medicine should be stopped and a Doctor or Pharmacist consulted.

Storage:

Store below 25°C, in a dry and dark place. Keep out of reach of children.

Package Quantities:

100 ml
