

PRODUCT NAME- SULPHUR OINTMENT 25GM PATIENT INFORMATION LEAFLET

SULPHUR OINTMENT

Presentation:

Sulphur ointment is available as a light yellow coloured ointment with a characteristic smell, containing 10% w/w precipitated sulphur BP.

Indications:

Sulphur ointment is a keratolytic, antiseptic, anti-fungal and a parasiticide. It is specially formulated for the treatment of acne, fungal infections including ring-worms, parasitic infections, scabies and seborrhoeic conditions.

Direction for use:

Apply a thin layer of ointment on the affected area/s as directed by a doctor, and rub in gently.

Contra-indications:

Sulphur ointment is contra-indicated in patients with known hypersensitivity to sulphur.

Precautions:

For external use only. Wash hands thoroughly after use.

Avoid use on broken skin, the eyes, nose or lips.

Discontinue use if irritation occurs.

If symptoms persist medical advice should be sought.

Side-effects:

Although side-effects are uncommon, long term use of sulphur ointment may cause dermatitis.

Storage:

Sulphur ointment should be stored in a cool, dry and dark place, below 25°C.

Keep out of reach of children.

Legal Category:

Prescription only medicine (POM)

Package quantity:

Sulphur ointment is available in a 25gm tube.
