LEAFLET

AGOSPRIN 100
(Aspirin Tablets BP 100 mg)

DESCRIPTION:
Agosprin is a white to light brown cross-hatched tablet having embossed "AGOG" on one side and "100 mg" on the other.

COMPOSITION: Each cross-hatched tablet contains Aspirin 100 mg.

ACTION: Aspirin has a analgesic and antipyretic, antipain and antirheumatic action. It acts by blocking the enzyme cyclo-oxygenase which leads to the synthesis of prostaglandins. Prostaglandins are pain mediators and their synthesis is blocked by aspirin. Aspirin also has a local anesthetic effect on peripheral nerves.

INDICATIONS: For relief of pain due to headache, rheumatoid arthritis, osteoarthritis, rheumatoid arthritis, osteoarthritis and ankylosing spondylitis. It is also used in chronic inflammatory arthritis.

DOSEAGE:
Adults: 100 to 300 mg four times a day or 100 mg 4 times a day.
Aspirin should be taken with food.

SIDE EFFECTS: The most common side effect is gastric irritation, pain, heartburn and ulcers. This can be avoided by taking the medicine after meals with a glass of water.

CONTRA-INDICATIONS: It is contraindicated in patients with severe liver disease, severe kidney disease, severe heart disease, severe hypertension, severe asthma, severe peptic ulcer, severe bleeding disorders, severe liver disease, severe kidney disease, severe heart disease, severe hypertension, severe asthma, severe peptic ulcer, severe bleeding disorders.

PRECAUTIONS: Do not take Aspirin if you are allergic to Aspirin or any of the ingredients. Do not take Aspirin if you are taking other medicines which may interact with Aspirin. Do not take Aspirin if you are pregnant or breastfeeding. Do not take Aspirin if you are taking other medicines which may interact with Aspirin. Do not take Aspirin if you are taking other medicines which may interact with Aspirin.
