LEAFLET

AGOVIT- 6 TABLETS

Pyridoxine hydrochloride tablets B. P. 25mg

COMPOSITION : Each uncoated tablet contains
Pyridoxine hydrochloride B.P. 25mg.

CATEGORY : Vitamin Supplements

CLINICAL PHARMACOLOGY : Pyridoxine, a water soluble vitamin, is involved principally in aminoacid metabolism, but it is also involved in carbohydrate and fat metabolism. Pyridoxine is readily absorbed from the gastrointestinal tract following oral administration & are converted in to active forms Pyridoxine phosphate. They are stored mainly in the liver where there is oxidation to 4 - Pyridoxic acid & other inactive metabolites which are excreted in the urine.

INDICATIONS : Pyridoxine deficiency

DOSAGES : Doses of upto 150mg daily used in general deficiency states higher doses of upto 400mg daily in the treatment of sideroblastic anemias.

ADVERSE EFFECT : Long terms administration of larger doses of pyridoxine is associated with development of severe peripheral neuropathies. Pyridoxine reduces the effects of

levodopa but this does not occur if a dopa decarboxy base inhibitors is also given. Many drugs may alter either the metabolism 'or' bioavailability of pyridoxine such agents include isoniazid, penvellamine & oral contraceptives.

PRESENTATION : A Bulk pack of 1000'S Tablets.
Blister pack of 10 X 10 Tablets.
