## LEAFLET

# AGO C-500

## (Ascorbic Acid Tablets BP 500 mg)

### Composition :

Each chewable tablet contains:

Ascorbic acid BP 500 mg

Excipients q.s.

Ascorbic acid is a man-made vitamin C. Ascorbic Acid tablets are used to treat scurvy (a disease caused by a lack of vitamin C).

### Dosage & Administration:

As directed by the physician.

Chew the tablets before swallowing.

**Adults (including the elderly):** 500mg-1g two or three times a day.

**Children over 12 years:** 500 mg two or three times a day.

**Children 6-12 years:** 500 mg twice a day.

If someone else swallow a lot of tablets at the same time, or if a child may have swallowed any, contact to nearest hospital casualty department or tell to the doctor immediately.

If someone forget to take a dose, take it as soon as you remember it and then take the next dose at the right time. Do not take a double dose to make up for a forgotten dose.

If anyone have been taking Ascorbic Acid tablets for a long time, they may develop a deficiency if they stop taking them. Talk to the doctor before taking the tablets and follow their advice.

### Drug Interactions :

Do not take Ascorbic acid tablets

- have a **high level of oxalic acid** in your urine (hyperoxaluria)
- are **allergic** to any of the ingredients in the tablets. The tablets contain sodium metabisulphite (E223) which may rarely cause allergic reactions or breathing difficulties.

### Taking other medicines

Please tell your doctor or pharmacist if you are taking or have recently taken any other medicines, including medicines obtained without a prescription. Especially:

- antacids containing aluminium (for indigestion)
- aspirin
- desferrioxamine (for excessive absorption and storage of iron and some blood abnormalities)

### **Pregnancy and breast-feeding**

If you are pregnant, planning to become pregnant or are breast-feeding, tell your doctor or pharmacist before taking any medicine.

### **Tests**

If you need to have any blood or urine tests, tell your doctor you are taking Ascorbic Acid tablets, as they might affect the results.

### **Side effects :**

Like all medicines, Ascorbic Acid tablets can cause side effects although not everybody gets them.

Tell your doctor if you notice any of the following side effects, they get worse or you notice any not listed:

- Allergic reaction: itchy skin rash, swelling of the face, lips, tongue or throat, or difficulty breathing or swallowing.
- Effects on the stomach: feeling or being sick, diarrhoea, stomach cramps.
- Other side effects: flushing or redness of the skin, headache, increased production of urine.

### **Storage:**

Store under normal storage conditions ( 15°C to 30°C )

Protect from light.

Keep all medicines out of reach of children.
