

For patient use only.

**Diclofenac Diethylamine, Methyl Salicylate, Menthol, Capsicum Oleoresin Gel**  
**TRANGEL ULTRA**

**Read all of this leaflet carefully before you start using this medicine.**

- Keep this leaflet. You may need to read it again.
- If you have any further questions, ask your doctor or pharmacist.
- This medicine has been prescribed for you. Do not pass it on to others. It may harm them, even if their symptoms are the same as yours.
- If you get any side effects, talk to your doctor or pharmacist. This includes any possible side effects not listed in this leaflet. See section 4.

**What is in this leaflet**

1. What Trangel Ultra is and what it is used for
2. What you need to know before you use Trangel Ultra
3. How to use Trangel Ultra
4. Possible side effects
5. How to store Trangel Ultra
6. Contents of the pack and other information

**1. What Trangel Ultra is and what it is used for**

Trangel Ultra is a medicine that is used for the treatment of Minor Aches Relief, Muscle Pain, Joint Pain, Sprains Pain, Local Anesthetic and other conditions

**2. What you need to know before you use Trangel Ultra**

Before using this drug, inform your doctor about your current list of medications, over the counter products (e.g. vitamins, herbal supplements, etc.), allergies, pre-existing diseases, and current health conditions (e.g. pregnancy, upcoming surgery, etc.). Some health conditions may make you more susceptible to the side-effects of the drug. Take as directed by your doctor or follow the direction printed on the product insert. Dosage is based on your condition. Tell your doctor if your condition persists or worsens. Important counseling points are listed below.

- Blood dyscrasias
- Candidiasis

- Darkening of tongue
- Do not drive or operate machinery
- Planning to become pregnant or breastfeeding
- Skin erythema

### **3.How to use Trangel Ultra**

Always use this medicine exactly as your doctor has told you. Check with your doctor or pharmacist if you are not sure.

Using this medicine

- You usually apply Trangel Ultra twice or thrice a day. This may be reduced as your skin begins to get better.
- This gel is for use on your skin only.
- Do not use more than the amount prescribed for you.
- Do not use on large areas of the body for a long time (such as every day for many weeks or months)
  - unless your doctor tells you to.
- The germs that cause infections like warm, moist conditions under bandages or dressings so always clean the skin before a fresh dressing is put on.
- If you are applying the cream on someone else make sure you wash your hands after use or wear disposable plastic gloves.
- If your skin problem does not improve in 2 to 4 weeks, talk to your doctor.

### **Guidance on how to apply the cream**

1. Wash your hands.
2. Apply a thin layer to the affected area(s) and gently rub into the skin until it has all disappeared. You can measure how much Trangel Ultra to use with your fingertip. For children you will need to use less cream but still use an adult finger to measure out the fingertip unit.
3. Unless you are meant to apply the cream to your hands as a part of the treatment, wash them again after using the cream.
4. Do not use it on children under 1 year of age.
5. It is especially important in children not to exceed the prescribed amount.

6. A course of treatment for a child should not normally last more than 5 days - unless your doctor has told you to use it for longer.

**If you use more Trangel Ultra than you should**

If you apply too much or if accidentally swallowed, it could make you ill. Talk to your doctor or go to the hospital as soon as possible.

**If you forget to use Trangel Ultra**

If you forget to apply your gel, apply it as soon as you remember. If it is close to the time you are next meant to apply it, wait until this time.

**If you stop using Trangel Ultra**

If you use Trangel Ultra regularly make sure you talk to your doctor before you stop using it as your condition may get worse if stopped suddenly.

If you have any further questions on the use of this medicine, ask your doctor or pharmacist.

**4. Possible side effects**

Trangel Ultra is generally very well tolerated; however, transient skin irritation or redness may be seen. Consult your doctor if such irritation or redness develops.

Methyl salicylate one of the continent of Trangel Ultra can be absorbed into the bloodstream after topical application. However, overdoses of oil of wintergreen are highly toxic.

Most instances of human toxicity due to methyl salicylate are a result of over-application of topical analgesics, especially involving children, some people have intentionally ingested large amounts of oil of wintergreen. Salicylate, the major metabolite of methyl salicylate, may be quantities in blood, plasma or serum to confirm a diagnosis of poisoning in hospitalized patients or to assist in an autopsy.

-While the risk of absorbing Diclofenac from Trangel Ultra into your bloodstream is low, an NSAID can cause life-threatening heart or circulation problems such as heart attack or stroke, especially if you use it long term.

If you get any side effects, talk to your doctor or pharmacist.

**5. How to store Trangel Ultra**

Keep this medicine out of the sight and reach of children.

- Do not use this medicine after the expiry date which is stated on the tube or carton .  
The expiry date refers to the last day of that month.
- Do not store above 30<sup>0</sup>C.
- Do not throw away medicines via wastewater or household waste. Ask your pharmacist how to throw away medicines you no longer use. These measures will help protect the environment.
